

Column1	Column2
No. Of Unique Ports:	120
No. Of Unique States:	15
No. Of Unique Borders	2

1.How many unique Ports, States, and Borders are in the dataset?

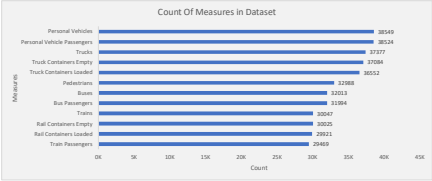

2.What are the top 10 ports with the highest total Value?

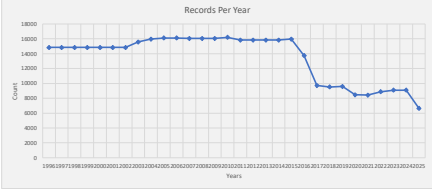

3.Which Measures (e.g., Trucks, Buses, Pedestrians, Trains, etc.) appear in the dataset?

Row Labels	Count of Measure
Train Passengers	29469
Rail Containers Loader	29921
Rail Containers Empty	30025
Trains	30047
Bus Passengers	31994
Buses	32013
Pedestrians	32988
Truck Containers Load	36552
Truck Containers Empt	37084
Trucks	37377
Personal Vehicle Passe	38524
Personal Vehicles	38549

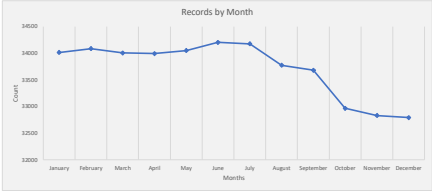

4.How many records exist per Year, Month, and Quarter?

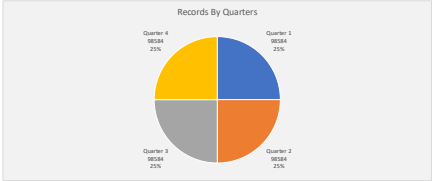

Years	Count
1996	14832
1997	14832
1998	14832
1999	14832
2000	14832
2001	14832
2002	14832
2003	15588
2004	15984
2005	16128
2006	16128
2007	16056
2008	16056
2009	16056
2010	16200
2011	15840
2012	15840
2013	15840
2014	15840
2015	15984
2016	13754
2017	9717
2018	9529
2019	9588
2020	8477
2021	8430
2022	8876
2023	9087
2024	9087
2025	6634

Months	Count
January	34011
February	34083
March	34002
April	33991
May	34047
June	34200
July	34173
August	33772
September	33680
October	32965
November	32829
December	32790

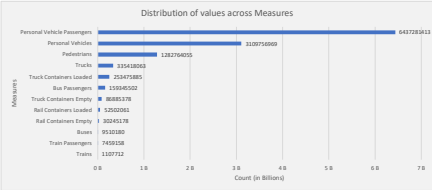

Quarters	Count
Quarter 1	98584
Quarter 2	98584
Quarter 3	98584
Quarter 4	98584

5.What is the distribution of Value across all measures?

Measures	Count
Trains	1107712
Train Passengers	7459158
Buses	9510180
Rail Containers Empty	30245178
Rail Containers Loader	52502061
Truck Containers Empt	86885378
Bus Passengers	159345502
Truck Containers Load	253475885
Trucks	335418063
Pedestrians	1282764055
Personal Vehicles	3109756969
Personal Vehicle Passe	6437281413

6.Which border (US-Canada vs US-Mexico) has higher total crossings overall?

Row Labels	Count of Border
US-Canada Border	308987
US-Mexico Border	95356
